RE: Pre-Demolition Survey Report (PDSR) for the Westside Building Exteriors - Approval

Dear Mr. Legare:

The Colorado Department of Public Health and Environment, Hazardous Materials and Waste Management Division has reviewed the PDSR for the Westside Building Exteriors (Revision 0, dated March 2, 2005). Your letter regarding this PDSR, dated March 9, 2005, was received (along with the PDSR) on March 11, 2005. We provided comments and received revisions to this PDSR. Based on the information/data previously discussed and provided in 2002 and 2003, and the data contained in this PDSR as revised, we are hereby approving this PDSR for the Westside Building Exteriors.

Although we are approving this PDSR for the Westside Building Exteriors, it needs to be recognized that, as discussed in the 2002 and 2003 letters and as provided in this PDSR, additional surveys/investigations have been and will need to be performed as warranted due to additional information that may be acquired or concerns related to ongoing activities associated with these facilities or adjacent to these facilities.

We expect that all investigation or demolition activities and related issues will be discussed and resolved utilizing the consultative process.

If you have any questions regarding this correspondence please contact me at (303) 692-3367 or David Krueck at (303) 692-3328.

Sincerely,

Steven H. Gunderson

RFCA Project Coordinator
